

Your ductless heating and cooling system isn't complete without a Honeywell D6 Pro Wi-Fi Ductless Controller.

Enjoy “anywhere access” with the Honeywell Home app. The D6 Pro Controller’s Wi-Fi connection links it to the Honeywell Home app on your smartphone or tablet. The app gives you control of your ductless system from just about anywhere: work, beach, cabin, or snuggled in bed. You can also control your ductless system through an Amazon Alexa-enabled device (like the Amazon Echo), or the Google Home smart speaker.

INTRODUCTORY PRICE: \$ _____

**Effortless Comfort Control For Your Ductless System.
